

Interpretation Chart for Call Stipends, June 2023

Page 1

#	Description	Call Stipend Category
1	Resident starts the in-hospital call sometime after the regular rotation and ends at or before 11 pm (weekday or weekend). <i>Note: It was clarified that the trainee should have been on rotation before the call to qualify for any stipend. Note weekend example for Sat/Sunday call.</i>	Home Call/Shortened Hosp Call Weekend Example: Saturday or Sunday Day only: 8am-6pm or under 12 hours
2	Resident starts the in-hospital call sometime after the regular rotation and extends beyond 11 pm (weekday or weekend). <i>Note: When a resident is on weekend in-hospital call but does not stay overnight (e.g. 8 am to 9 pm), and it is <u>not</u> a split weekend call (i.e. no resident is covering after the resident leaves at 9 pm), the resident is entitled to the weekend in-hospital stipend if they work 12 hours or more in-hospital, even though the call does not extend past 11 pm.</i>	In-Hospital Call Weekend Hospital Call
3	Resident who is scheduled on home call but who works more than 4 hours in hospital during the call period , of which more than 1 hour is past midnight and before 6 am.	Converted Call (Started as a Home or Shortened Call)
4	Resident is on a shift-based rotation (8-12-hour night shift) such as Emergency and works 1 full hour between midnight and 6 a.m. This includes FM residents on ER rotation who do NOT work a full 5-day clinical week. <i>Note: No payment for 12-hour daytime shifts weekdays or weekends for EM program residents (salary covers)</i>	Qualifying Shift (Monday-Thursday) Weekend Hosp-Day/Home/Other (Fri-Sun)
5	Rounding on weekends: Resident is NOT on call but is scheduled or required to round on a weekend day and attend in hospital.	Weekend Hospital-Day/Home/Other (Included in total monthly call maximums)
6	Resident is scheduled for home call (Monday-Thursday). Resident is scheduled for home call (Friday-Sunday).	Home Call Weekend Hospital-Day/Home/Other
7	Resident is scheduled for back-up call (weekday or weekend).	Home Call (Monday-Thursday) Weekend Hospital-Day/Home/Other (Friday-Sunday)
8	OB Family Medicine Call Language: Resident carries a pager for obstetrics call and is expected to respond by providing medical care or attendance.	Home or Converted Call (depending on time in attendance at a delivery; beyond 11 pm=conversion. Daytime duties=N/A)

Interpretation Chart for Call Stipends, June 2023

Page 2

#	Description	Call Stipend Category
9a	An FM resident works a normal 5-day week of clinical duties Mon-Fri (normal as determined by each hospital/program) and then works a shift on a weekday or weekend which does <i>not</i> extend beyond 11 pm. <u>Note:</u> No payment on Sat/Sun when a resident does NOT work a 5-day clinical week in advance	Home Call No stipend
9b	An FM resident works a normal 5-day week of clinical duties Mon-Fri (normal as determined by each hospital/program) and then works a shift on a weekday or weekend which extends <i>beyond</i> 11 pm. <u>Note:</u> When resident does NOT work a 5-day clinical week, BUT works an EMERG shift 1 hour between midnight and 6am	In-Hospital Call Qualifying Shift
10	Where 24-hour weekend in-hospital call (or 24-hour stat holiday) is split into two 12-hour shifts (i.e., Psychiatry or Diagnostic Radiology), only the resident working the night call shift receives the in-house stipend, unless the program has already determined that each resident receives the Home Call Stipend. For clarity, the total amount paid for each 24-hour in-hospital call worked will be equal to a single hospital call.	In-Hospital Call for overnight resident only; or Home Call for each resident, if agreed upon in advance.
11	Graduated On-Call Period (formerly "Buddy" call) – Jr accompanies Sr Resident on In-Hospital call schedule for a portion or total call period. <u>Note:</u> This rule was developed for PGY1s "buddied" with senior residents.	Home Call up to 11 pm In-Hospital Call after 11 pm
12	Post Call/Home after Handover (Section 16.4) Resident is relieved of all service and educational duties at handover. The length of the handover is defined as not exceeding 2 hours after the 24-hour period. For Surgery, the handover time is 12 noon. For Anesthesia and Ob/Gyn, it is 1 hour. For ICU and CCU it is 1.5 hours of handover.	See #3 for call conversion (if resident comes into hospital from home call)
13a	Resident is required to work a half day of clinic or other formally scheduled duties, including AHDs, followed by working a regularly scheduled shift, where that shift ends at or before 11 pm.	Home Call
13b	Resident is required to work a half day of clinic or other formally scheduled duties, including AHDs, followed by working a regularly scheduled shift, where that shift extends beyond 11 pm.	In-Hospital Call
14	Resident is required to attend a Saturday or Sunday clinic. Resident is required to attend a Weeknight evening clinic.	a) Weekend Hosp-Day/Home/Other Call b) No payment
