

UPDATE

**Sunnybrook**  
HEALTH SCIENCES CENTRE

**Calvin H.L. Law, MD MPH FRCSC**

Vice President Education  
HPB-Surgical Oncology  
Professor of Surgery

## An update from Sunnybrook

- Appreciate the overall scope and opportunities for learners at Sunnybrook Health Sciences
- Review some new resources for our PGME learners
- Ongoing collaborative work to be done:
  - Transportation
  - Safe Drive Home
  - Quality of Life while at Sunnybrook

# PGME Overview

In 2023-2024, 1704 resident physicians and clinical fellows registered across the Sunnybrook sites for clinical/elective rotations, cross-coverage, longitudinal clinics, and restricted registration.

## PARO review of on-call facilities

- The latest PARO audit findings were reviewed, and room signage was updated to support residents.

## Resident Call Duty Rooms

- Sunnybrook centrally-manages 57 call rooms dedicated to in-hospital and home call services, along with an overflow contingency.
- Each call room is equipped with the furniture and equipment defined in the PARO-OTH Agreement (sec. 18.2, 18.3), including computer access, and is supported by daily linen service, bed-changing, and room cleaning services.
- Private lactation facilities are offered.
- Call rooms are inspected quarterly. Deficiencies reported by residents or identified through the audits are addressed immediately.
- **PARO reps are invited annually to join the inspections.**

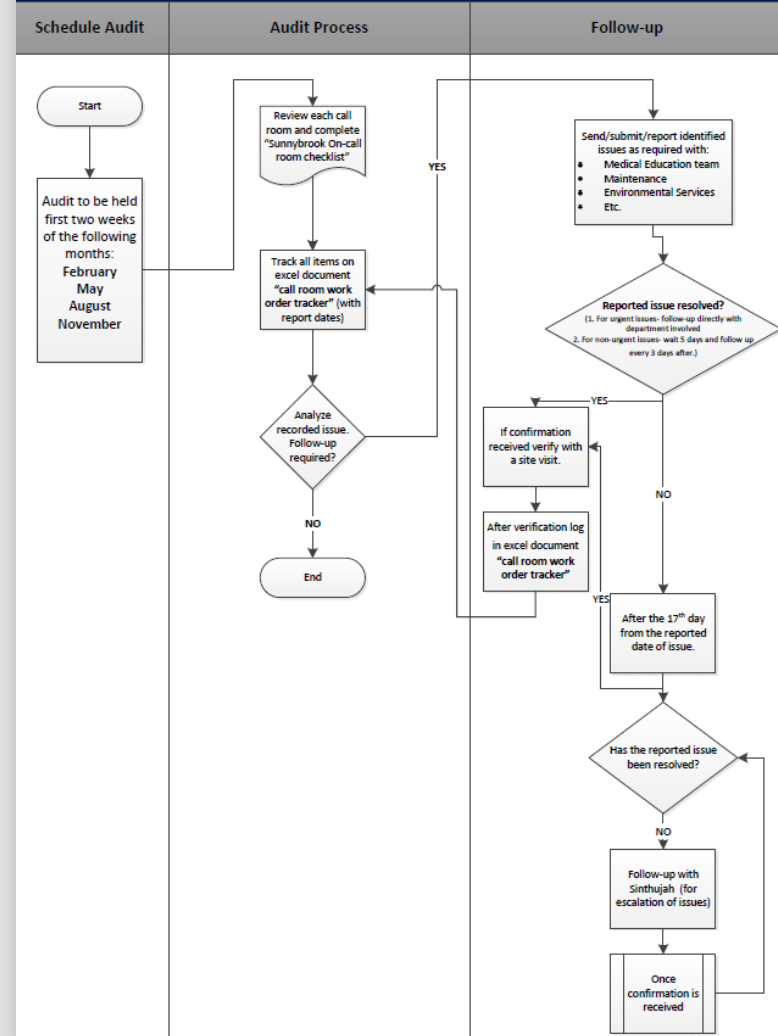

## Sunnybrook On-call Room Checklist

Room number:	
Person/s completing Checklist:	Date:
<b>Safety and Management Procedures</b>	<b>Action if Required (✓ if no action)</b>
Doornway frame clear of password to door

## Resident Wellness

- **Sunnybrook Be Well**: Hospital wellness resources
- **Confidential Hotline**, offered by Sunnybrook's Department of Psychiatry, is available to learners in distress via **416-480-4561**.
- Any **Sunnybrook resident or fellow who needs a primary care physician** can receive primary care at Sunnybrook by contacting the Sunnybrook Department of Family Medicine.
- **Reporting a Concern**: Learners with a concern during their placement can report and/or escalate their concerns.
- **Contact Us**: Learners are welcome to contact the Education Team for all matters.

# Education Spaces

# Sunnybrook Library-Knowledge Innovation Spaces

There is a robust, well-resourced Library Service available for you at Sunnybrook (many do not know). We have high quality, evidence-based resources and expertise to help enhance your clinical practice and research.

We have wellness resources for you. One physician said coming to the library reduced his blood pressure.

Our team is at Bayview Campus, SJR and Holland!

We would love to work with you!

# Keep a connection ....
