Registration for the CMPA virtual workshop for residents is open!

REGISTER NOW!

Covering medico-legal essentials to reduce your medico-legal risk and keep patients safe.

This live, interactive and virtual workshop has been developed specifically for **PGY1 Family Medicine and PGY2 Royal College residents**. Delivered by highly experienced CMPA physician advisors, the workshop covers medico-legal issues frequently encountered by residents in real CMPA case files: informed consent, documentation, disclosure of a patient safety incident (*accident* in Québec), and teamwork.

About the workshop

| | |
|---|--|
| When will the workshop take place? | Registration is now live for sessions up until June 2023. Please note, there was a new session added on November 30th |
| Who should register? | Subject matter is targeted towards residents in their early years of training, PGY1 Family Medicine and PGY2 Royal College residents |
| When should I register? | SPACE IS LIMITED so residents are encouraged to register for their preferred event as soon as possible. |
| Is there pre-work? | Yes. The pre-work activities should take about one hour. Completion of all pre-work is essential to your full participation in the live virtual event. Residents will be expected to apply what they learned in the pre-work to scenarios and discussions throughout the live event. |

After completing the pre-work and participating in the workshop, residents will receive a Certificate of Participation.

What residents are saying?

“Very well run, effective use of time. Virtual delivery was as effective as in-person. Meeting facilitators were excellent and the medico-legal Q&A was extremely useful. Amazing for residents!” – McMaster University resident (2021)

“I liked hearing the thoughts, perspectives, and approaches of other residents. I took away quite a few strategies from them that I have not seen before but will be great to add to my practice.” – University of Alberta resident (2022)
