Zoom Notes

- Please mute your microphone. You can unmute yourself by hitting the button again when you wish to speak
- **Use the Chat window to send questions/comments**
- Use the **Raise your Hand**  feature in the participant list pane to indicate that you wish to speak
- The meeting will be recorded for minute purposes

1. Minutes of last meeting February 25, 2020
2. The numbers – Incoming Clinical Fellows
3. COVID-19 and Fellows (*See attached items for discussion*)

***Guests:** Dr. Julie Maggi, Director, Postgraduate Wellness and Dr. Heather Flett, Associate Director, Postgraduate Wellness

ITEMS FOR DISCUSSION FROM FEAC MEMBERS

1. One of my site coordinators felt that they DO NOT require the 2-week quarantine because of this:

<https://www.canada.ca/en/public-health/services/publications/diseases-conditions/covid-19-information-essential-service-workers.html>

Persons exempt from mandatory quarantine (self-isolation)

The mandatory isolation order does not apply to certain people who may be returning to or entering Canada for work, and who are not experiencing signs or symptoms consistent with COVID-19 at the time of entry.

You are identified as an individual who is exempted from this Order because you meet the definition of an essential service worker.

As such, you are required to respect the intent of the order to minimize spread of COVID-19 in Canada. You must continually monitor your health for symptoms of COVID-19 including for 14 days each time you re-enter Canada. You are also reminded to be aware of and respect the public health guidance and instructions of the area where you are located.

2. Approaches to redeployment in different departments and PGME? Suggestions if there is a new wave of COVID-19 patients.
3. Payment for trainees involved in care for COVID-19 patients. Residents are getting paid but not fellows.
4. How to orient incoming fellows to this new environment. Are there any resources?
5. Given limited outpatient care, how do we adapt PEAP to the new environment? Any directives to supervisors?
6. What is happening re: international fellows and the resources they will need to self-isolate should they be able to get here?
7. Work permits
8. Verification of immunizations and TB skin tests
10. Late arrivals and orientation
11. Accommodation for COVID risk

Post MD Education
UNIVERSITY OF TORONTO

12. Fellow wellness is a concern especially now. Are there any online resources or new resources from the wellness office?
