## Emerging themes – Qu.1

### What is your vision for the role of SEAC ?

- Highlight/Create opportunities for Faculty Development
- Breakdown silos
- Create a cohesive community
- Improve flow of information
- Highlight Curriculum changes or innovations
- Education Knowledge Mobilization in Sim
- Maximize resource utilization
- Generate revenue
- Become world leaders in “disruptive education”
- Better collaboration between sites

# Potential Interventions

## Qu 2- How can we achieve this?

- Restart Sim City Rounds and SEAC Meetings
- Online Hub and Sim City Newsletter
- Review ToR and membership of SEAC
- Annual Symposium in GTA (alt with Simulation Canada)
- Advertise and create opportunities for multi-site collaboration eg. Grants, teaching/ EPA achievement
- Annual SEAC Retreat for strategic planning
- Payment in academic capital

Temerty Faculty of Medicine

UNIVERSITY OF TORONTO

# Potential Barriers

- SEAC Member engagement / attendance
- Support from Communications Officer for newsletter and online hub
- Funding for Grants, Retreat, Annual Symposium.
- More time for this role?
- Money and alternatives to money- Academic capital
- Size of FoM

Temerty Faculty of Medicine

UNIVERSITY OF TORONTO

## Next Steps

- Working group with Ricardo, Delon and Lisa and Petal to build Newsletter content with Comms officer Lynsey Mellon expertise
- Increase frequency and expand focus of Sim City Rounds
- Allow for SEAC Member or delegate at SEAC quarterly meetings to ensure site engagement
- Add rotating VP Education member (in addition to Allison Freeland) to expand reach TAHSN-e?
