Education Development Fund Grant & Strategic Medical Education Research Grant

	Education Development Fund Grant	Medical Education Strategic Research Grant
Purpose	Advancing medical education research by nurturing grassroots scholarship. Prioritizes projects that are emergent, curiosity-driven, and methodologically rigorous.	Support projects that have the potential to shape the continuum of medical education from undergraduate to postgraduate to continuing professional development, locally, nationally, and internationally.
Population	Designed to empower newly-engaged and early-career researchers (PI cannot have held 2+ PI grants as a faculty member at the national level).	Unique opportunity for multidisciplinary teams of experienced researchers and scholars in medical education to advance their work, foster collaboration, and make a meaningful impact on the continuum of medical education.
Priorities	Emergent issues, supporting new initiatives and innovation from the frontlines in MD, PG, and CPD.	Strategic priorities and themes that can impact both TFoM and medical education, seed funding for bigger grants & projects.
Types of projects	Two streams: -Research: discovery-oriented projects asking novel questions to advance understanding. -Innovation & Evaluation: creating/applying new approaches with a methodologically rigorous evaluation.	Proposals must align with strategic theme areas identified by TFoM and demonstrate relevance to the continuum of medical education (UGME to PGME to CPD). Projects should address the theme areas using innovative approaches, methodologies, or interventions that have potential for broad impact within TFoM and the wider medical education community.
\$	Up to two-years with a maximum funding of \$10,000.00.	Up to two-years with a maximum funding of \$50,000.00.
Cycle	Offered in even-numbered years, beginning in 2024.	Offered in odd-numbered years, beginning in 2025.

Other Medical Education Grants

Deadline	Opportunity	Details
Jan 31, 2025	CPD Ideas Grant 	Funds projects relating to Continuing Professional Development that: <ul style="list-style-type: none"> • Develop a novel idea • Test an innovative approach • Develop a pilot project • Evaluate an idea or innovation
To be offered in 2025	CPD Discovery Grant 	Funds projects, teams, and individuals with established or new programs of research focused on the identification of new knowledge and new areas of research related to Continuing Professional Development.
Mar 28, 2025	Medical Humanities Education Grants 	Funds projects relating to post-graduate medical education that enhance integration, application, and/or education within the scholarship of medical humanities and humanism.
