

# BPEA Update for PGMEAC

Nov. 29, 2019

# BPEA Update – Monitoring and advising on observations & issues

1. Blank Forms
2. EPA assessment form expiry
3. Reminders:
  - ▶ Automated centrally
  - ▶ Individually initiated (e.g. resident, program)
4. EPA Entrustment Scale

# Observations & issues

## ▶ BLANK FORMS **Completion Analysis in Tableau**

- ▶ **Incomplete Forms** -- 21.5% of forms are initiated but not completed (all delivery methods – complete now, complete and confirm, send blank form)
- ▶ **Overview by Delivery Method** – 42% completed in the moment, 28% completed via blank form, 23% complete and confirm and 7% faculty triggered

## ▶ TIME TO COMPLETION (re: Expiry of incomplete EPAs)

- ▶ **Time to Submission**
- ▶ 78% completed within 24 hours
- ▶ 96.5% completed within 7 days,

## ▶ Entrustment Scale

- ▶ Trying to sort out
  - ▶ how to improve wording (e.g. Autonomy, “Supervisor didn’t need to be there”)
  - ▶ Role of EPA refinement (i.e. nationally)
  - ▶ Role of faculty and learner development

# Next steps

## Consultation plans

- ▶ Learners, faculty, PDs, Competence Committee, researchers

## Tease out what exactly are the issues to properly inform solutions

- ▶ Faculty Development??
- ▶ Culture change??
- ▶ Scale wording??

## Considering options

- ▶ Technological options
- ▶ Resident and faculty development needs
- ▶ Impact of improvements on current programs (i.e.CBD, Triple C, Pilots) and developing programs
- ▶ Best timing for which changes
