

POWER Updates – December 2012

The following are highlights from recent Program Reports as well as activities related to POWER and the POWER Steering Committee, from June 2012 to December 2012:

Completion Statistics (highlights)

- Program Reports highlighting evaluation completion rates and other metrics generated from POWER were distributed to most Program Directors and their Vice Chairs and Chairs earlier this month. The Associate Dean, Admissions and Evaluation provided individual comments on Program performance for PGME. Consolidated trends are presented below:

Evaluation Completion Statistics	Targets	2011-12	2010-11	2006-07	6-year chg.
ITERS Completed:	100%	89%	88%	92%	-3%
Completed ITERS Signed Off by Residents:	85%	75%	79%	84%	-9%
Signed ITERS agreed with by Residents:	N/A	99%	98%	94%	5%
Signed ITERS reviewed verbally:	85%	89%	87%	68%	21%
ITERS completed 30 days within rotation end	70%	61%	59%	63%	-2%
Rotation Evaluations Completed	85%	84%	85%	84%	0%
Teacher Evaluations Completed	85%	78%	80%	80%	-2%
Average # of TEs per Rotation	N/A	1.5	2	2.2	-0.7

Case Logs

- PGME has embarked on an enhancement to the Case Log function, which currently exists in POWER. The enhancements will allow for ease of use, building on existing case logs (rather than having to enter new ones for each procedure), integration with ITERS and a mobile application. The enhanced case log feature should be available by Spring/Summer 2013.

POWER Rotation and Scheduling Enhancements

- POWER is being enhanced to better reflect the increase in longitudinal and multi-site rotations and to allow for scheduling and evaluation of these types of rotations. It will also feature an enhanced schedule function for learners, program administrators and hospital administrators to track activity by site, rotation service and learner.

POWER Training and Help Desk

- Khush Adatia and Natali Chin are full time PGME staff members supporting faculty, program directors, administrators and learners on POWER. New this year will be on-line training videos to support POWER users and to complement existing group and one-on-one training sessions.

POWER Steering Committee Membership:

Kevin Imrie, Chair,
Sal Spadafora, PGME
Jodi Herold, UGME
Wes Robertson, Faculty of Medicine
Karl Iglar, DFCM

Adelle Atkinson, Vice-Chair,
Jeannette Goguen, Medicine
Nicole Woods, Surgery
Julia Skilarenko, PAIRO Rep
Glen Bandiera, PGME

PGME/ UME Faculty and Staff:

Alison Pattern, Loreta Muharuma, Caroline Abrahams, Sue Glover-Takahashi, Khush Adatia, Frazer Howard (UME)
