

Interpretation Chart for Call Stipends, June 2024

#	Description	Call Stipend Category
1	<p>Resident starts the in-hospital call sometime after the regular rotation and ends at or before 11 pm (weekday or weekend).</p> <p><i>Note: It was clarified that the trainee should have been on rotation before the call to qualify for any stipend. Note weekend example for Sat/Sunday call.</i></p>	<p>Home Call/Shortened Hosp Call Weekend Example: Saturday or Sunday Day only: 8am-6pm or any call under 12 hours <u>or</u> ends before 11pm</p>
2	<p>Resident starts the in-hospital call sometime after the regular rotation and extends beyond 11 pm (weekday or weekend).</p> <p><i>Note: When a resident is on weekend in-hospital, for example, 8 am to 9 pm, and it is <u>not</u> a split weekend call (i.e. no resident is covering after the resident leaves at 9 pm), the resident can claim the weekend in-hospital stipend if they work 12 hours or more in-hospital, even though the call does not extend past 11 pm.</i></p>	<p>In-Hospital Call</p> <p>Weekend Hospital Call</p>
3	<p>Resident who is scheduled on home call but works more than 4 hours in hospital during the call period, of which more than 1 hour is past midnight <u>and</u> before 6 am.</p>	<p>Converted Call (Started as a Home Call)</p>
4	<p>Resident is on a 'shift-based' rotation (8-12-hour night shift) such as Emergency and works 1 full hour between midnight and 6 a.m. This mostly pertains to EM residents but also FM residents on ER rotations who do NOT work a full 5-day clinical week.</p> <p><i>Note: No payment for 12-hour daytime shifts weekdays or weekends for ED program residents (salary covers)</i></p>	<p>Qualifying Shift (Monday-Thursday) Weekend Hosp-Day/Home/Other (Fri pm to Sun pm) FM residents see #9a/b re a full 5-day week beginning Monday.</p>
5	<p>Rounding on weekends: Resident is NOT already on call but is scheduled or required to round on Saturday or Sunday and attend in hospital. (Cannot be combined with a previous overnight call).</p>	<p>Weekend Hosp Day/Home/Other</p> <p>Included in total call maximums for each block/month.</p>
6	<p>Resident is scheduled for Home call (Monday-Thursday). Resident is scheduled for Home call (Friday-Sunday).</p>	<p>Home Call Weekend Hospital-Day/Home/Other</p>
7	<p>Resident is scheduled for Back-up call (weekday or weekend).</p>	<p>Home Call (Monday-Thursday) Weekend Hospital-Day/Home/Other (Friday pm-Sunday pm)</p>
8	<p>OB Family Medicine Call Language: Resident carries a pager for obstetrics call and is <u>expected to respond</u> by providing medical care or attendance.</p>	<p>Home or Converted Call depending on time in attendance at a delivery</p>

Interpretation Chart for Call Stipends, June 2024

#	Description	Call Stipend Category
9a	An FM resident works a normal 5-day week of clinical duties Mon-Fri (normal as determined by each hospital/program) and then works a shift on a weekday or weekend which does <i>not</i> extend beyond 11 pm. <u>Note:</u> No stipend on Sat/Sun when a resident does NOT work a 5-day clinical week in advance (salary covers)	Home Call No stipend
9b	An FM resident works a normal 5-day week of clinical duties Mon-Fri (normal as determined by each hospital/program) and then works a shift on a weekday or weekend which extends <i>beyond</i> 11 pm. <u>Note:</u> When resident does NOT work a 5-day clinical week, BUT works an EMERG shift 1 hour between midnight and 6am	In-Hospital Call Qualifying Shift (Disruption of Sleep)
10	Where 24-hour weekend in-hospital call (or 24-hour stat holiday) is split into two 12-hour shifts (i.e., Psychiatry or Diagnostic Radiology), each resident receives the Home Call Stipend. If one resident works the full night call shift, they receive the in-house stipend. For clarity, the total amount paid for each 24-hour in-hospital shift worked will be equal to a single hospital call.	Home Call for each resident, when agreed upon in advance In-Hospital Call for overnight resident only
11	Graduated On-Call Period (formerly “Buddy” call) – Jr accompanies Sr Resident on In-Hospital call schedule for a portion or total call period. <u>Note:</u> This rule was developed for PGY1s “buddied” with senior residents.	Home Call up to 11 pm In-Hospital Call after 11 pm
12	Post Call/Home after Handover. Resident is relieved of all service and educational duties at handover. The length of the handover is defined as not exceeding 2 hours after the 24-hour period. For Anesthesia and Ob/Gyn, it is 1 hour. For ICU and CCU it is 1.5 hours and for Surgery, the handover time is 12 noon.	No additional stipend for Rounding after an overnight call ; included in handover as defined in Section 16.4
13a	Resident is required to work a half day of clinic or other formally scheduled duties, including AHDs, followed by working a regularly scheduled shift, where that shift ends at or before 11 pm.	Home Call
13b	Resident is required to work a half day of clinic or other formally scheduled duties, including AHDs, followed by working a regularly scheduled shift, where that shift extends beyond 11 pm.	In-Hospital Call
14	Resident is required to attend a Saturday or Sunday clinic. Resident is required to attend a Weeknight evening clinic up to 8pm.	a) Weekend Hosp-Day/Home/Other b) No stipend
