

Case Logs 2019-20 - Quick Reference

Use the quick reference to familiarize yourself with the lists of required encounters and procedures

Goal - Number of Encounters/ Procedures

Real - R must be a real patient

Level - Minimum level of involvement

A - Observe procedure

B - Perform with assistance or assist someone

C - Perform independently

Encounters or procedures marked with an asterisk (*) may be difficult to guarantee on one rotation. They may be achieved on a prior or future rotation. If seen on a prior rotation, you may log it as it was seen on the current rotation. If not achieved on current rotation, you may leave blank until achieved. All case logs must be completed no later than 6 weeks of the end of Year 3.

PSYCHIATRY

Encounters	Goal	Real	
anxiety disorder/ symptoms	2	R	
childhood behavioural disorder	1	R	
delirium OR dementia	1	R	
mood - bipolar mania or bipolar depression	1	R	
mood - depression	1	R	
personality disorders	1	R	
psychotic disorder (NOT schizophrenia)	1	R	
schizophrenia	1	R	
substance abuse - alcohol or drug	1	R	
Total	10		
Procedures	Goal	Real	Level
assessment of capacity	1		A
assessment of child & family	1		A
assessment of violence/ agitation	1		A
ECT	1		A
medication monitoring	1		A
MMSE or MOCA	1	R	B
legal certification forms	1		B
suicide risk assessment	2	R	B
Total	9		

EMERGENCY MEDICINE

Encounters	Goal	Real	
abdominal pain	1	R	
altered level of consciousness	1		
anaphylaxis/allergic reaction	1		
arrhythmia	1		
chest pain	1	R	
first trimester bleeding	1		
fracture/ sprain	1	R	
headache	1		
hypotension/ shock	1		
overdose/ toxicology	1		
seizures	1		
shortness of breath	1	R	
trauma	1		
Total	13		
Procedures	Goal	Real	Level
airway assessment/ management	1		C
casting/ splinting	1	R	C
CXR interpretation	1	R	C
ECG interpretation	1	R	C
extremity x-ray interpretation	1	R	C
suturing/ knot tying	1	R	C
Total	6		

OBSTETRICS & GYNAECOLOGY

Encounters	Goal	Real	
abnormal vaginal bleeding (pre or post-menopausal)	1	R	
adnexal/ pelvic mass	1	R	
bleeding in pregnancy (≥ 20 wks.)	1	R	
contraceptive methods	1	R	
fetal well being issues (includes genetic screening)	1	R	
first or early second trimester complications (< 20 wks.)	1	R	
genital tract infections/ vaginal discharge	1	R	
hypertension in pregnancy	1	R	
infertility/ recurrent pregnancy loss*	1	R	
labour progress (normal or abnormal)	1	R	
menopause and urogenital aging	1	R	
obstetrical emergency (e.g. PPH, shoulder dystocia)	1	R	
Pap test counselling re: abnormal	1		
pelvic pain/ dyspareunia/ dysmenorrhea	1	R	
postpartum complication	1	R	
preterm labour & PPROM	1	R	
sexual history	1	R	
Total	17		
Procedures	Goal	Real	Level
bimanual pelvic exam	1	R	B
cultures - vagina and/or cervix	1	R	B
fetal heart rate by doppler	1	R	B
fetal heart rate tracing interpretation	1	R	B
Pap test	1	R	C
placental delivery and examination	1	R	B
prenatal exam - leopold manoeuvres, symphysis fundal height	1	R	B
speculum insertion*	3	R	C
spontaneous vaginal delivery	1	R	B
Total	11		

* May be achieved in another course, e.g., Family Medicine

MD Program

UNIVERSITY OF TORONTO

Case Logs - QR 2019-2020

FAMILY & COMMUNITY MEDICINE			
Encounters	Goal	Real	
abdominal pain	1	R	
anxiety disorders/ symptoms	1	R	
asthma	1	R	
chest pain	1	R	
contraceptive methods	1		
coronary artery disease	1	R	
cough/ dyspnea	1	R	
diabetes mellitus - type 2	1	R	
dizziness	1	R	
fatigue	1	R	
female preventive health exam	1	R	
fever	1	R	
headache	1	R	
hypertension	1	R	
low back pain	1	R	
male preventive health exam	1	R	
mood - depression	1	R	
palliative care	1		
prenatal care	1	R	
well baby/ child care	1	R	
Interact with a patient at least twice	1	R	
Total	21		
Procedures	Goal	Real	Level
pediatric immunization	1	R	C
speculum exam*	1	R	C
throat swab	1	R	C
ABCDEs of melanoma	1	R	A
Total	4		

* May be achieved in another course, e.g., Obstetrics and Gynaecology

SURGERY			
Encounters	Goal	Real	
acute abdomen*	1	R	
postoperative electrolyte mana	1	R	
postoperative fever	1	R	
postoperative urine output ma	1	R	
trauma	1		
tumour/ malignancy	1	R	
wound care	1	R	
Total	7		
Procedures	Goal	Real	Level
casting/ splinting	1		C
foley catheter insertion	1	R	B
laparotomy/ laparoscopy	1	R	B
suturing/ knot tying	1	R	B
wound closure/ dressing	1	R	B
Total	5		

* May be achieved in another course, e.g., Emergency Medicine, Obstetrics and Gynaecology, Paediatrics, Medicine

OPHTHALMOLOGY			
Encounters	Goal	Real	
eye pain	1	R	
red eye	1	R	
vision loss	1	R	
Total	3		
Procedures	Goal	Real	Level
eye fundoscopy	2	R	C
pupillary examination	2	R	C
slit lamp examination	2	R	B
visual acuity assessment	2	R	C
Total	8		

Case Logs - QR 2019-2020

MD Program
UNIVERSITY OF TORONTO

ANAESTHESIA			
Encounters	Goal	Real	
acute pain management	1	R	
hypotension/shock	1		
hypoxia/apnea	1	R	
preoperative assessment	1	R	
Total	4		
Procedures	Goal	Real	Level
airway assessment	1	R	C
airway insertion	1	R	C
capnography interpretation	1	R	B
cardiac monitor - lead placement	1	R	B
cardiac monitor interpretation	1	R	B
endotracheal intubation	1	R	B
laryngeal mask insertion	1	R	B
mask ventilation	1	R	C
peripheral iv insertion	1	R	B
pulse oximetry interpretation	1	R	B
video laryngoscopy	1		B
Total	11		

OTOLARYNGOLOGY			
Encounters	Goal	Real	
dizziness/ vertigo	1	R	
epistaxis	1	R	
hearing loss	1	R	
nasal obstruction	1	R	
neck mass	1	R	
Total	5		
Procedures	Goal	Real	Level
flexible nasopharyngoscopy	1	R	A
otoscopy	3	R	C
Total	4		

PAEDIATRICS			
Encounters	Goal	Real	
abdominal pain	1		
adolescent - focused history	1	R	
anemia	1		
assessment of puberty	1		
behavioural concerns	1	R	
chronic disease in childhood	1	R	
dehydration/ hydration assessment	1	R	
developmental concerns	1	R	
fever	1	R	
growth/ nutrition problems	1		
heart murmur	1		
neonatal jaundice	1		
otitis media	1		
rash	1		
respiratory illness	1		
seizures	1		
urinary tract infection	1		
well child care - newborn*	3	R	
Total	20		
Procedures	Goal	Real	Level
plot growth parameters	1	R	C
throat swab*	1	R	C
Total	2		

* May be achieved in another course, e.g., Family Medicine

MEDICINE			
Encounters	Goal	Real	
acute chest pain	1	R	
acute kidney injury	1	R	
altered level of consciousness	1	R	
anemia	1	R	
chronic pain management	1		
chronic kidney disease	1	R	
congestive heart failure	1	R	
COPD/ asthma	1	R	
diabetes mellitus	1	R	
electrolyte disturbance	1	R	
fever	1	R	
gastrointestinal bleeding	1	R	
hepatitis/hepatobiliary concern	1		
hypertension	1	R	
pneumonia	1	R	
thromboembolism (acute or prevention)	1	R	
weakness/ paresis/ paralysis	1	R	
Total	17		
Procedures	Goal	Real	Level
arterial and/or venous blood gas interpretation	1	R	C
code blue/ resuscitation*	1	R	A
CXR interpretation	1	R	C
ECG interpretation	1	R	C
family meeting for care planning	1	R	A
Total	5		

* May be achieved in another course, e.g., Anesthesia, Emergency Medicine
