To Whom It May Concern

Letter of Support – Area of Focused Competence, Trauma General Surgery, University of Toronto

Please accept this letter of support for AFC Trauma General Surgery. As the largest trauma centre in Canada and an academic health sciences centre fully affiliated with the University of Toronto, Sunnybrook is well positioned to accommodate this surgical discipline. Along with St. Michael's Hospital, Sunnybrook has highly skilled, trained academic trauma surgeons, a significant resource of clinical materials, operating room resources and complex Intensive Care Units.

As President and CEO and former surgeon at Sunnybrook Health Sciences Centre, I wholly endorse and encourage our participation in the Area of Focused Competence, Trauma General Surgery training program at the University of Toronto.

Sincerely,

Andy Smith, MD, MSc, FRCSC, FACS  
President & CEO  
Sunnybrook Health Sciences Centre
