

BPEA update

....refined overall Entrustment Scale

CENTRE FOR
FACULTY
DEVELOPMENT

OVERALL: Indicate your assessment of this resident's performance on this specific encounter. This assessment does not confer overall entrustability; it will inform future Competence Committee decisions that are made in consideration of all available data.

Overall: Indicate **your assessment**¹ of this resident's performance on this **specific encounter**². This assessment **does not confer overall enstrustability**³; it will **inform future Competence Committee decisions** that are made in consideration of **all available data**⁴.

Your assessment is a **binary (yes/no) decision** about your view of the resident's performance for a specific EPA and time

'Yes' to entrustment = Assessor's view that the resident performed the observed EPA in a safe manner

'No' to entrustment = Assessor's view that the resident did not yet perform the observed EPA without need for assistance and/or intervention

After deciding 'yes/no', select the descriptor that best matches your observation

Technical notes

1. Implications of change
2. Timing of implementation
3. Resources
